Job Opportunity for Tenure-Track Assistant Professor (non-PI) at Research Center for Materials Science, Nagoya University

Position summary: Research Center for Materials Science is seeking a tenure-track assistant professor "Jokyo" (non-PI [principal investigator] assistant professor) of the Bioorganic Chemistry Laboratory

- 1. Affiliation: Research Center for Materials Science is seeking a tenure-track assistant professor
- 2. Number of positions: 1 Tenure-Track "Jokyo" (non-PI [principal investigator] assistant professor)
- 3. Salary and benefits: Conforming to "Regulation of Pay Schedules for Employees Receiving Annual Salary at Nagoya University"
- 4. Expected starting date: At the earliest convenience from June 2019
- 5. Term: 5 years

The research quality and laboratory teaching performance will be reviewed in the 5th year. If successful, the applicant will be promoted to a tenured assistant professor (non-PI position); otherwise, the applicant will be employed as a designated assistant professor with a fixed term of 1 year.

- 6. Qualifications: Applicants must hold a Ph.D. degree by the starting date and should have advanced knowledge and experimental techniques in both biochemistry and genetic engineering. Applicants also should be able to understand the chemical structure of biomolecules and analyze their properties, and especially be able to advance the synthetic biology research to design synthetic RNA and genomic DNA that can function in cells.
- 7. Mission: The appointee will join the Bioorganic Chemistry Laboratory in the Department of Chemistry and cooperate with the PI (Prof. Hiroshi Abe) and other members on research projects and education in the laboratory. The appointee will also be in charge of biochemistry laboratory work for undergraduate students.
- 8. Application deadline: April 10th, 2019.
- 9. Selection: Applicants who pass the primary screening, based upon the submitted documents,

will be invited for an interview with faculty members.

- 10. Application: Compile a pdf file (in Japanese or English) containing the following 6 items, and send it by e-mail to the address below. The subject of the e-mail should be "Application of Tenure-Track Assistant Professor (Bioorganic Chemistry)".
  - (1) Curriculum vitae (with a photo)
  - (2) Publication list
  - (3) Copies of 5 representative publications
  - (4) Summary of research (A4, 2 pages)
  - (5) Research plan and pedagogic interest (A4, 2 pages)
  - (6) Two contact references (name, affiliation, and e-mail address)
