

**Job Opportunity for Tenure-Track Assistant Professor at the Chemical Instrumentation Facility,
Research Center for Materials Science, Nagoya University**

Research Center for Materials Science at Nagoya University is seeking a faculty member for the Chemical Instrumentation Facility.

[Affiliation]

The Chemical Instrumentation Facility, Research Center for Materials Science, Nagoya University

[Job title]

Tenure-Track Assistant Professor: “Jokyo” in Japanese (not Principal Investigator (PI))

[Number of Positions]

One

[Salary and benefits]

Conforming to “Regulation of Pay Schedules for Employees Receiving Annual Salary at Nagoya University”

[Term]

5 years

The research quality will be reviewed in the 5th year. If successful, the applicant will be promoted to a tenured assistant professor (non-PI position); otherwise, the applicant will be employed as a designated assistant professor with a fixed term of 1 year.

[Research field]

Natural Products Chemistry, Bioorganic Chemistry, Chemical Biology

[Qualifications]

Holder of a doctorate (Ph.D.) degree (before the expected starting date). A good command of English and/or Japanese is required.

[Mission]

The major mission is to conduct cutting-edge research in the above fields using various instruments (NMR, MS etc.) of the Chemical Instrumentation Facility. The applicant should also contribute to the management of the Chemical Instrumentation Facility.

[Start date of taking up employment]

As soon as possible, after the result is announced.

[Application]

Compile a pdf file (in Japanese or English) containing the following 6 items, and send it by e-mail to the address below. The subject of the e-mail should be “Application of Assistant Professor (Chemical Instrumentation Facility)”.

(1) Curriculum vitae (with a photo) (2) Publication list (3) copies of 5 representative publications (4) Summary of research (A4, 2 pages) (5) Research plan and pedagogic interest (A4, 1-2 pages) (6) Two contact references (name, affiliation, and e-mail address)

E-mail: jinji-rcms@chem.nagoya-u.ac.jp

Professor Shigehiro Yamaguchi

Director, Research Center for Materials Science, Nagoya University

[Application deadline]

Application materials should arrive by April 19th, 2019 (late applications will not be accepted).

[Selection]

Applicants who pass the primary screening, based upon the submitted documents, will be invited for an interview with faculty members.
